PROFESSIONAL EXPERIENCE

AI Product Manager/Engineer ESC Partners (Hometown Hub)

January 2026 - Current
Rochester, New York

- **Built the full AI operating layer for Maya AI** on Oracle CCS, unifying voice, chat, SMS, email, and mobile into one agent that executes account, billing, payment-plan, and outage workflows autonomously - handles **70-80%** of first-touch volume across every channel.
- **Shipped the supervisor cockpit** as a real-time decision-support tool for non-technical utility managers - sentiment analysis, agent performance tracking, and one-click human takeover; drove frontline-ops adoption at NEP (**200K+** residents) and active rollouts at Moreno Valley Electrical and Delta Utilities.
- **Ran SME interviews with utility supervisors and CSRs** to convert ambiguous legacy scripts, billing-escalation rules, and outage protocols into user stories, acceptance criteria, and Agile delivery for engineering; shipped end-to-end in **2.5 months** as the only AI hire on staff and spun off **VaultIQ**, an air-gapped Claude Opus analytics tool for the CRO inside the customer VPC.

AI Product Consultant Senior Assisted Living Locators

October 2025 - January 2026
Remote, California

- **Built an AI recommendation product for 5 senior-care advisors** processing **300+ weekly consultations**, matching families to **250+** community options in under 2 seconds - a decision-support workflow embedded in advisor intake calls and CRM updates.
- **Designed an 8-factor scoring algorithm** combining business rules with AI analysis to rank communities by budget fit, care needs, and proximity; cut API costs **~70%** via two-phase pre-filtering with real-time voice transcription on every advisor intake call.

AI Product Management Intern Vollie, Inc.

May 2025 - December 2025
Buffalo, New York

- **Owned 0-to-1 MVP** of voice AI coaching platform as **sole PM**; landed the **first paying client (30 employees)**, triggered a seed-funding milestone, and ran concept-through-launch end-to-end.
- **Designed a closed-loop voice engine** with real-time transcription, sentiment and commitment scoring, and auto-generated reports - peer accountability without a live human facilitator.

Founder CloudApproach and Approachables (Sold)

July 2019 - March 2024
United Kingdom + MENA

- **Bootstrapped and sold two ventures for \$575K combined** with **95%** retention post-acquisition; led senior-stakeholder alignment through acquisition diligence and transition.
- **Managed a \$200K marketing and automation budget** influencing **\$5M+** in closed deals across UK and MENA; aligned **200+** agency clients and **80+** real-estate partners on roadmap priorities.

EDUCATION

Simon Business School, University of Rochester Master of Science in AI in Business (STEM-Certified)

New York
December 2025

Leadership: Vice President, Masters Advisory Council & Simon Strong Community Builder Award.

McKinsey Forward Program, McKinsey & Company

2026

University of Central Lancashire

Preston, United Kingdom

Bachelor of Arts (Honors), International Business and Management

May 2020

PROJECTS

- **City of Rochester - Fraud Detection ML System via Simon Vision Consulting:** Built explainable ML model (XGBoost, SHAP) for loan-officer decision support, lifting accuracy from **62% → 73%** while improving review-staff transparency on every flagged case.
