SUMMARY

AI Product Owner who builds and ships production AI agents end-to-end. As Customer Zero and first AI hire at ESC Partners, owned the backlog and shipped **Maya AI** in **2.5 months** — an autonomous agent platform overlaid on a major enterprise CRM (Oracle CCS), live at a **200K+** user client. Acts as voice-of-the-customer in sprint: writes INVEST-compliant stories, runs UAT, and partners cross-functionally with sales, support, and engineering. Prior co-founder with two exits totaling **\$575K**.

PROFESSIONAL EXPERIENCE

AI Product Owner January 2026 – Present
ESC Partners Rochester, NY

- **Owned Maya AI end-to-end as Customer Zero** — vision, roadmap, backlog, INVEST-compliant user stories, acceptance criteria, UAT — for an autonomous agent platform overlaid on Oracle CCS that unifies voice, chat, SMS, email, and mobile, understands customer intent, and executes transactions. Handles **70-80%** of first-touch volume; removes **100+** manager emails per day.
- **Shipped supervisor cockpit** with real-time sentiment, performance dashboards, and one-click human takeover so non-technical managers stay in control. **26-language** voice via 11 Labs. Live at NEP (**200K+** residents), rolling out at Moreno Valley, piloting at Delta Utilities. Built end-to-end in **2.5 months** as the only AI engineer on staff.
- **Acted as final arbiter in sprint** for requirements and priority trade-offs; ran sprint reviews and retros with sales, support ops, and engineering, capturing KPI feedback loops to refine the agent. Spun off standalone email triage agent (live at NEP); shipped **VaultIQ**, an air-gapped Claude Opus financial intelligence platform on AWS Bedrock for internal CRO use.

AI Product Consultant October 2025 – January 2026
Senior Assisted Living Locators Remote

- **Defined product strategy and shipped AI recommendation product** processing **300+** weekly consultations, matching senior families to **250+** communities in under 2 seconds. Designed 8-factor scoring algorithm cutting API costs by **~70%** via two-phase pre-filtering with real-time voice transcription.

Graduate AI Product Intern January 2025 – December 2025
Ain Center for Entrepreneurship and Innovation, University of Rochester Rochester, NY

- **Shipped VentureForge**, an AI strategy simulation for **50+** MBA students and self-serve validation tooling for **200+** founders, replacing **\$25K/year** in licensed tools and cutting mentor prep time by **75%**. Paid graduate internship under faculty supervision (visiting MIT faculty advisor).

AI Product Management Intern May 2025 – December 2025
Vollie, Inc. Buffalo, NY

- **Owned 0-to-1 MVP** of voice AI coaching platform as sole PM; landed **first paying client (30 employees)** and triggered seed funding milestone. Designed closed-loop voice engine with real-time transcription, sentiment and commitment scoring, auto-generated reports, and privacy-first data model.

Co-Founder July 2019 – March 2024
CloudApproach and Approachables (Acquired) UK + MENA

- **Bootstrapped and sold two ventures for \$575K combined** (\$325K + \$250K) with **95%** client retention post-acquisition. Managed **\$200K** marketing and automation budget influencing **\$5M+** in closed deals across UK and MENA; scaled to **200+** agency clients and **80+** real-estate partners.

EDUCATION

MS, Artificial Intelligence in Business (STEM), Simon Business School, University of Rochester December 2025

VP, Masters Advisory Council; Simon Strong Community Builder Award.

McKinsey Forward Program, McKinsey & Company 2026

BA (Honours), International Business and Management, University of Central Lancashire May 2020

PROJECTS

- **Career-Ops Pipeline**: AI job-search platform on Claude Code; scans portals, evaluates JDs, generates tailored CVs and cover letters, tracks applications end-to-end.
- **City of Rochester. Fraud Detection — Simon Vision Consulting**: Explainable ML model (XGBoost, SHAP)
